For more email configuration options, click the *User Preferences* menu in the top navigation bar.

When you access an email account through a desktop email application such as "MacOS® Mail.app® for "Pre Lion" (10.4+)", the email application will require specific information about your email account. You can use the auto-configure options below to attempt to automatically configure your email application. If the available options are not compatible with your application, you will need to use the **Manual Settings** information.

Mail Client Automatic Configuration Scripts

Listed below are the available mail client automatic configuration scripts. Select the script for your mail client and operating system.

Application	Protocols
Windows Live Mail®	IMAP over SSL/TLS POP3 over SSL/TLS IMAP POP3 (Post Office Protocol v3)
Mac OS Mail	IMAP over SSL/TLS IMAP

4. Postavi novu sifru na svoj nalog

The screenshot shows the 'Password & Security' settings page in a Webmail interface. The page title is 'Password & Security'. Below the title, there is a prompt: 'Enter a new password for this account.' followed by the heading 'Change Password'. There are two input fields: 'New Password' and 'Confirm New Password'. Below these is a 'Password Strength' indicator showing 'Very Weak (0/100)' and a 'Password Generator' button. A blue 'Save' button is at the bottom left. On the right side, there is a navigation menu with items like Horde, Roundcube, Spam Filters, Autoresponders, Password & Security (highlighted with a red arrow), Configure Mail Client, Contact Information, Manage Disk Usage, Email Filters, Forwarders, Track Delivery, and Account Preferences. A red arrow points from the 'Promeni sifru' text to the 'Password & Security' menu item. At the bottom, there is an 'External Authentication' section with a 'Service' list containing 'cPanelID' and a '+ Link Account' button.

5. Koristi svoj nalog

The screenshot shows the Roundcube Webmail inbox interface. The top navigation bar includes 'Webmail', '0 bytes', the user email 'kaitovic.nenad@esloznica.rs', and a 'LOGOUT' button. Below the navigation bar, there are icons for Mail, Contacts, Calendar, and Settings. The main interface has a toolbar with icons for Refresh, Compose, Reply, Reply all, Forward, Delete, Archive, Mark, and More. A search bar is on the right. The left sidebar shows a list of folders: Inbox, Drafts, Sent, Junk, Trash, and Archive. The main content area shows a table with columns for Subject, From, Date, and Size. A red arrow points to the 'Compose' icon with the label 'Nova poruka'. Another red arrow points to the 'Inbox' folder with the label 'Primljene poruke'. At the bottom, there is a status bar with 'Mailbox is empty' and navigation controls.
